

Silly Charades

Play a game where your child has to guess what you are.

Make different facial expressions and body movements and see if he/she can get it. Sound effects are allowed too! Then ask your child to be something and you try to guess. You can pretend to be animals, objects or people you both know.

Brainy Background **Powered by Mind in the Making**

When your child is guessing what or who you are, he/she is using observational skills and memories of past experiences. When your child is acting and pretending to be someone or something else, his/her perspective taking and communicating skills are promoted.
