Eligibility is based on three factors:

1. **Your child’s age**
   - Must be under the age of 13, or under the age of 18 if they have a disability.

2. **An activity requirement**
   - I meet this requirement if I am...
     - **Employed:** I am receiving a paycheck or other income for work I’m doing.
     - **Looking for work:** I am actively seeking a job.
     - **In training or education:** An activity requirement

3. **Your household income**
   - Must be under the age of 13, or under the age of 18 if they have a disability.
   - Household gross income* is the total amount earned before taxes or other deductions.

---

**Household income calculation**

Household gross income* is one of the factors that determines your family’s eligibility for the Child Care Scholarship. To figure that out, we need to consider any wages that come into your household, along with other income sources like Social Security payments, spousal/child support, unemployment, pensions, VA payments, etc. We also need to consider household resources, like your checking/savings, stocks, annuities, and potentially other possessions.

Your family’s gross income and household resources are weighed against household expenses like rent or mortgage, utility bills, medical expenses and dependent care, taxes, and more. A whole host of expenses qualify, so let us help you sort it out.

Lastly, we need to know your family size. How many individuals live in your household? Two, three, four ... more?

---

*Gross income is the total amount earned before taxes or other deductions.
